CAPTAIN CAB  
VISITS VENUS

Besides women  
the only animals  
on Venus are  
little furry creatures  
that scurry around  
and say cute things.

He's Right - you do  
have beautiful toes.

Love your toes.

CAPTAIN  
CAB  
VISITS  
VENUS

well, yes, but  
that's different.

It's hard to get used  
to these floating  
signs on Venus.

you got used to  
making love to  
two or 3 women  
at a time  
pretty fast!
